Our Clinician Advocates

DR. BEATRICE DECA

Dr. Beatrice Deca received her doctorate in dentistry from Boston University Goldman School of Dental Medicine graduating Magna Cum Laude for her outstanding clinical and academic achievements. She continued her dental training position in the post graduate program in Advanced Education in General Dentistry also at Boston University School of Dental Medicine where she furthered her dental education in complex esthetic and prosthetic cases, Implant dentistry, CAD/CAM dentistry, laser and periodontal surgical procedures. Dr. Deca's dental passion lies in comprehensive dentistry and treating her patients in the gentlest way possible. She enjoys helping her patients to improve their oral health, appearance, and self-esteem. Dr. Deca is a proud member of the American Dental Association, New York Dental Society, and Academy of General Dentistry.

DR. JONATHAN L. FERENCZ

Dr. Jonathan Ferencz, D.D.S. is a Diplomate of the American Board of Prosthodontics and Clinical Professor of Prosthodontics and Occlusion in the Department of Advanced Education in Prosthodontics at the New York University College of Dentistry where he has taught since 1972. He is also Adjunct Professor of Restorative Dentistry at the University of Pennsylvania School of Dental Medicine. He is a member of the American Academy of Restorative Dentistry, the American Academy of Fixed Prosthodontics, the American College of Dentists, the New York Academy of Dentistry, and the American Dental Association. He is a Fellow of the American College of Prosthodontics, the American College of Dentists, the Academy of Prosthodontics, and the Northeastern Gnathological Society. Dr. Ferencz has served as President of the Greater New York Academy of Prosthodontics, President of the Northeastern Gnathological Society, and President of the American College of Prosthodontists. He is a frequent contributor to the dental literature, having written numerous journal articles and textbook chapters, and has served on the editorial board of the Journal of Prosthetic Dentistry. He currently serves on the Editorial Review Board of the Journal of Cosmetic Dentistry and recently released the textbook "High-Strength Ceramics: Collaborative Perspectives", Ferencz, Silva, and Navarro, Editors, Quintessence Publishing Co.

HEATHER HENNEN

Heather Hennen is a Dental Assistant and Business and Treatment Coordinator in Wakefield, NC. She is also an independent contractor, a published author, and both national and international lecturer on various topics ranging from chairside assisting techniques and CAD/CAM (both clinical and practice integration) to treatment acceptance and more. She also serves as a KOL for several manufacturers and is the co-founder of the Fifth Gear program, which provides hands-on clinical team training.

DR. GARY KAYE

Dr. Gary Kaye attended Columbia University for undergraduate studies and completed his graduate dental school training at the Columbia School of Oral Medicine in New York City. He received numerous awards and citations including the Dean's List in Prosthodontics, Endodontics, and Geriatric dentistry. He has pursued over 600 hours of post graduate studies in many of the sub-specialty areas of general dentistry. He is a graduate of the prestigious Dawson Center for Advanced Dental Training. Dr. Kaye is the founder of Kaye Dentistry PLLC, a world class reconstructive, cosmetic, and implant dental practice located in the heart of New York City. Highly regarded by professional peers and patients alike, he provides state-of-the-art modalities to help his patients attain long-term, stable, oral health. He is also the Founder & Director of the New York Center for Digital Dentistry which provides consulting on Fee-for-Service practice as well as In-Person & Online Digital Dentistry Learning Programs. Clients include other dentists and dental equipment manufacturers. Dr. Kaye lectures on ceramics, occlusion, and digital dentistry, and performs live patient demonstrations to dentist audiences.

DR. JIM STEIN

Dr. Jim Stein maintains a private practice in Boston, Massachusetts. He has been featured in TV, radio, and print media for his work with single-visit CAD/CAM ceramic crowns and veneers. He has published and lectured to professional societies and university groups internationally on Prosthodontics, Implantology, Cosmetics, and CAD/CAM technology. Dr. Stein has completed extensive clinical, surgical, and technical training, and accumulated a wealth of experience in treatment planning. He has been serving the Boston community through his private dental practice for 30 years. He utilizes Planscan, 3 Shape Trios, and the Cadent iTero® digital scanning technology for his patients with a goal to enhance treatment accuracy.

DR. EDMOND SUH

Dr. Edmond Suh, an internationally recognized speaker in the field of general dentistry, has committed himself to excellence as a student, a practitioner, and a well-regarded professor and instructor on dental topics. He has lectured all over the world, from Australia and New Zealand to Mexico and Canada. He graduated from The Ohio State University College of Dentistry, where he earned honors for pediatric care. He is an adjunct professor at the University of North Carolina. Dr. Suh currently serves on the faculty and as Regional Director of the world renowned Las Vegas Institute for Advanced Dental Studies. Dr. Suh is a member of the Academy of General Dentistry, the American Academy of Cosmetic Dentistry, and the American Dental Association. He is committed to lifelong education and professional development through continuing education. He has attained the prestigious Fellowship status with the Academy of General Dentistry.

DR. DEAN VAFIADIS

Dr. Dean Vafiadis received his dental degree and Prosthodontic specialty training at New York University College of Dentistry. He is currently the Director of the Full-Mouth Rehabilitation CE course at NYU. He is an Associate Professor of Prosthodontics at NYU College of Dentistry. Dr. Vafiadis is a lecturer and clinical instructor at the Aesthetic Advantage Course in the Rosenthal Institute of Aesthetic and Implant Dentistry at NYU. He has lectured nationally and abroad for NYU Continuing Education Department. He has instructed over 8000 dentists with over 500 programs in the past 18 years. Dr. Vafiadis publishes and lectures on various topics such as aesthetics, implants, CAD/CAM dentistry, ceramic materials, and occlusion. He is the founder of the New York Smile Institute in NY. It is an educational center, full-service laboratory, and learning facility as well as a private practice location for a multi-specialty practice for Implant and Aesthetic Dentistry. Currently, he is lecturing for the Continuing Education program at NYUCD, Rosenthal's Aesthetic Advantage Course for Porcelain Veneers, and for Dental Districts in the USA and Europe.
