### I-CAT FLX V17

Imaging Sciences INTL • 1.010.8469MR • MFR-Reconditioned

The i-CAT FLX V-Series is the first line of upgradable, dedicated 3D CBCT Solutions from the award-winning i-CAT brand. Combining highly precise, cone beam 3D technology with flexible planning and treatment tools, i-CAT offers a full suite of solutions to meet your practice's needs. With the i-CAT, your practice will benefit from its flexible 3D planning and treatment tools for implants and restorations, oral and maxillofacial surgery, orthodontics, periodontics, endodontics, and TMJ and airway analysis. The system also provides enhanced low-dose imaging options through

protocols and collimation, dedicated traditional 2D panoramic capabilities, and the feature-rich Tx STUDIO software.

Cannot be combined with any other offers or discounts

Quantities Limited • Offers Expire March 31, 2019

Note: Participating in a promotional discount program (e.g., points, discount redemptions or other special awards) is only permissible in accordance with discount program rules. By participation in such program, you agree that, to your knowledge, your practice complies with the program requirements. This promotion offers a discount. You must fully and accurately report any discounts, rebates or other price reductions ("Discounts") to Medicare, Medicaid, Tricare and any other federal or State program upon request by any such program. You must claim the benefit of these discounts in the fiscal year in which the discounts are earned, or the following year. Accordingly, you should retain any documentation, including your invoice or purchase order, of Discounts. It is your responsibility to review any agreements or other documents applicable to these prices to determine if they are subject to any Discounts. Local regulatory requirements may apply to the use or installation of certain products. It is your responsibility to prior to purchase, use or installation of products.
