CATALOG

The Promise
of Protection™

Graham Medical's innovative, single-use products are designed to offer protection, modesty and high-level product performance.

For healthcare settings of all types – from physicians' offices and clinics to surgical suites and emergency rooms – Graham Medical is your source for quality, cost-effective products that ensure protection and make caring for patients simple and convenient.

Product Categorization

Graham Medical is proud to introduce the new, easy-to-follow product category system. Products are organized into three segments to help determine the best solution for the specific need.

✓ Value

Designed for the more budget-conscious facility, while offering convenience and reliability, including products formerly found in the Apex line.

➕ Quality

The high quality expected from Graham Medical, with tried-and-true products developed to fit a wide variety of professional applications and performance demands.

★ Elite

The preferred choice when enhanced patient comfort and superior performance are critical, including, for an example, the InhibX™ antimicrobial-treated product line and nonwoven patient apparel for linen-like comfort.

Table of Contents

A durable line of protection against cross-contamination, our high-quality table papers help create a warm, inviting atmosphere for patients of all ages.

Printed Exam Table Paper

NEW!

inhibX™
TREATED WITH INHIBX
ANTIMICROBIAL TECHNOLOGY

InhibX™ Antimicrobial Treated
Infused with proven antimicrobial technology to inhibit the growth of microorganisms.

Provides a powerful shield of protection for patient comfort and peace of mind.

Offers an added layer of protection to minimize the potential for cross-contamination.

Printed paper also available in these unique designs:

Graham Medical gowns offer protection, modesty and infection control.

Gowns

NEW!

Pediatric Gowns
Pediatric tissue/poly/tissue gowns feature:

- Playful designs that help kids feel at ease.
- Versatility; reversible with a front or back opening.

Scrim-Reinforced Tissue Gowns
The enhanced strength of scrim-reinforced tissue offers superior strength, absorbency and durability.

Nonwoven Gowns
Soft, nonwoven gowns offer optimal linen-like comfort.

Did you know?
Graham Medical's own "Shield of Protection" is here to offer that added layer of protection.

Reduce patient risk and add parental peace of mind; antimicrobial-treated gowns available with the fun Captain InhibX™ pattern.

Graham Medical products are latex-free and powder-free.

AmpleWear® Gown

40" x 50" unisex gown provides full coverage for patient sizes up to 9X.

Armhole and neckline snaps allow easy and convenient IV hook-up.

Soft, linen-like, opaque nonwoven material offers protection, modesty and comfort.

3-Ply Tissue Gowns

Three layers of tissue are bonded into one layer for maximum softness and absorbency.

Tissue/poly and tissue/poly/tissue gowns also available.

Poly offers an added layer for fluid barrier protection.

Did you know?

More than 2.3 million people develop hospital-acquired infections (HAIs) each year. HAIs lead to greater patient risk, readmissions and even death. Disposable products offer the ultimate in infection control and reduce the risks of cross-contamination. That's why demand for disposable, single-use products increased 6% during 2004-2011 and is expected to continue increasing.

Graham Medical products are latex-free and powder-free.

Our quality disposable products provide protection, modesty and durability.

Exam Shorts

MediShorts®
MediShorts® are made of durable nonwoven material with latex-free waist band and are ideal for:

- Sports medicine
- Physical therapy
- Hydrotherapy
- and much more!

MediShorts® Pediatric
Fitted for ages 5-11, the latex-free, elastic-waist exam shorts allow full range of motion for pediatric patients.

Help patients feel at ease with a size that fits.

XXL/XXXL MediShorts® now available for larger patients.

Graham Medical products are latex-free and powder-free.

Bikinis

One-Dee's® Patient Bikinis
One-Dee's® Bikinis offer modesty, comfort and security patients desire with the convenience and ease of use for the healthcare professional.

Latex-free waistband provides optimal fit and comfort.

Drapes

Drapes
Keep patients relaxed and comfortable with a soft tissue drape.

Constructed of either two or three layers, the soft tissue is bonded into a single layer. Drapes offer protection, modesty and absorbency.

Also available in these unique designs:

Wildflower®   **Seascape®**

FlexDrape® Drapes
FlexDrape® is a super soft, linen-like nonwoven drape, but also can be used as a top or bottom sheet, is comfortable for patients, and provides protection, modesty and infection control. FlexDrape® Barrier offers an added layer of poly for ultimate fluid barrier protection.

See page 2 for a complete description of product categories.

LabMates® Lab Coats

LabMates® Lab Coats are durable, fluid-resistant and feature:

- Full knit cuffs.
- Secure snap closures.
- 3-pocket storage.

Available in multiple sizes.

Protective Gown
Durable, spunbond/poly gown with a tear-away back opening and thumb loop.

Our complete line of disposable bedding is designed to protect mattresses and pillows from soiling and cross-contamination.

Sheets

SnugFit® Sheets
A full line of specialty-fitted stretcher sheets to protect and ensure patient comfort.

Tissue/Poly Sheets
Tissue/poly sheets are absorbent and protective. The tissue layer absorbs the fluids while the poly layer offers a fluid barrier, providing protection and added strength.

Bed Sheets
2-ply and 3-ply sheets have multiple layers of tissue bonded into one layer for maximum softness and absorbency.

Barrier Fitted Sheets
Barrier sheets have poly backing that provides a reliable barrier to fluids, helping keep stretchers and beds contamination-free.

Equipment Covers

CoverMate® Equipment Cover

Nonwoven/poly material is durable and fluid impermeable with a soft, linen-like top layer for optimal patient comfort.

Perforated for versatility.

Protect equipment with this cost-effective, easy-to-use alternative to blankets or sheets.

Designed for use with HoverMatt® but can be used to protect a wide array of equipment.

NEW!

Thyroid Collar Cover

For exams that use a thyroid collar, Graham Medical offers a disposable Thyroid Collar Cover that protects against cross-contamination. The sanitary cover is quick and easy to use, plus it offers an affordable alternative to costly non-disposable covers.

Did you know?

PowerFit® Sheets allow for a secure fit over mattresses and oversized stretchers, while the fitted design of SnugFit® sheets stays tight and flat on standard stretchers. Prevent slips and rips during patient movement with fitted sheet options rated to transfer up to 250 lbs.

Graham Medical products are latex-free and powder-free.

Disposable Bedding
Pillows, Pillowcases, Blankets and Bedding Kits

Made with highly durable materials, our bedding products perform in the most demanding situations. All are single-use, eliminating the need to keep stained, ripped or damaged linens on hand.

Blankets

High-Visibility Yellow Blankets
Bright yellow blankets are used to cover patients and/or equipment during recovery and transport.

Also ideal for identifying patients and accident victims.

Comfort1® Blankets
Comfort1® blankets provide ample coverage, comfort and warmth.

Blankets can be placed in warmers, with a maximum of 150 degrees.

Did you know?
Hospitals use an average of 139,214 gallons of water per day, or 40 to 350 gallons per day per patient. Considerable amounts of water and energy are used for laundry processes. Using disposable products will reduce water consumption, energy used to pump and heat water, and detergents entering the waste stream.

Graham Medical products are latex-free and powder-free.

Pillows and Pillowcases

Tissue/Poly Pillowcases
Tissue/poly pillowcases provide high absorbency and a true fluid barrier to protect the pillow.

InhibX™ Antimicrobial Treated Pillowcase
Delivers patient comfort and protection with InhibX™ advanced antimicrobial technology to inhibit the growth of microorganisms.

Offers an added layer of protection to minimize the potential for cross-contamination.

InstaKit® Bedding Kits
A variety of kits are available to meet facility needs.

Towels, Absorbent Mats and Washcloths

TREATED WITH INHIBX
ANTIMICROBIAL TECHNOLOGY

InhibX™ Antimicrobial-Treated Towels
Disposable towels treated with InhibX™ antimicrobial technology add a layer of proven protection by inhibiting the growth of microorganisms.

Convenient and versatile for use in many healthcare environments.

abbi™ absorbent PRODUCT LINE

Abbi™ Absorbent Towels
Absorbent, versatile and virtually lint-free, with 99% less linting compared to other O.R. towels.

Minimize cross-contamination and provide cost-saving alternatives to cotton towels.

Abbi™ Absorbent Mats
Ideal for procedures with excessive bodily fluids, and/or requires quick and efficient fluid management.

Keep floors dry, clean and slip-free.

Professional Towels
Available in blue, white and footprint pattern, these towels provide protection and absorbency.

Airlaid Washcloths
Airlaid washcloths are an all-purpose disposable cloth, featuring optimum strength and absorbency.

Tourniquets

Latex-Free Tourniquets

Latex-Free Tourniquets safeguard against latex allergies and sensitivity.

Textured surface eliminates slipping and pinching.

Tourniquets are tear-resistant, powder-free and have superior stretch and recovery.

Available in a wide variety of colors and material options, our bibs offer a high level of comfort and patient protection.

Patient Bibs

Graham Medical Bibs are available in an array of colors with a choice of 2- or 3-ply absorbency, and a variety of sizes.

Extra-Gard® is comprised of three layers of tissue bonded with poly barrier and fluid-resistant backing.

MegaMover® Transport Chair

Made of strong and durable nonwoven material, this single-use transport chair carries up to 350 lbs.

Ideal for carrying patients in areas of limited space and patients that need to be in a seated position.

Compact – weighs only 10 oz. and rolls to the size of a water bottle.

MegaMover® 350i

Made of ultra-durable nonwoven/poly, the flat sheet acts as a fluid barrier.

It allows transfer of patients up to 350 lbs.

MegaMover® 1500

This compact, cost-effective, portable transport unit is ideal for transporting or rescuing patients from areas inaccessible to stretchers. Transport up to 1500 lbs.

14 handles allow safe patient transport.

MegaMover® Plus

The MegaMover® Plus accepts standard backboards for immobilization. The gray color provides decreased visibility where security is vital.

The Promise of Protection™

Durable, versatile and comfortable, our line of single-use products has all the features medical spa clients expect.

Complete Line of Spa Products

Esthetic Wipes
Medical-grade, non-woven wipes are totally lint-free, making them the right choice for most any facial treatment.

Disposable Headbands
Disposable headbands keep hair comfortably off clients' faces during spa treatments, and are wide enough to fully cover the ears.

A Graham Medical-exclusive hook-and-loop closure keeps the headband from slipping.

Drape Sheets and Table Sheets
Drapes can be used as a client cover or to protect tables and equipment during treatments.

Mylar Blankets
The unique material makes spa treatments more effective, helping to retain up to 90% of clients' body heat.
