

**Camber's mission is to provide exceptional value
and unmatched service in generic drugs.**

Camber Pharmaceuticals is a fully integrated pharmaceutical company that maintains quality and integrity in all its products from API manufacturing to finished dosage. We have been recognized as one of the fastest growing generic pharmaceutical companies in the US the past three years.

Our technical and global resources are your distinct advantage

Ever since its inception, Camber has shown a tradition of excellence and deep sense of commitment in developing cost effective processes to offer wide range of affordable drugs. Through its parent company, Hetero, Camber is building on the strengths of vertical integration in discovery research, process chemistry, API manufacturing, formulation development and commercialization. Research & Development is the foundation of Hetero's philosophy of developing cost-effective, high quality and safe medicines to society. Hetero has a team of over 400 dedicated scientists working in the areas of Process, Analytical and Discovery Research.

Camber's manufacturing partner, [Invagen](#) of Hauppauge, New York, focuses on wide range of therapeutic areas including, cardiovascular, anti-infective, CNS, anti-inflammatory, anti-diabetic and anti-depressant. This combination of proficiencies gives Camber the unique ability to control every aspect of the manufacturing process, from API to finished dosage.

Our Global Resource include:

- Facilities and joint ventures in the US, India, South America, Spain and the Middle East
- Total control of the supply chain
- Over 400 scientists in API and finished dosage R&D
- 11 API facilities – 6 FDA approved
- Over 100 DMFs filed
- Global presence in over 100 countries

Growing to meet the needs of today's generics marketplace

Our 60,000 square foot distribution and office facility has enabled Camber to add the staff and resources necessary to maximize efficiencies, improve logistics and increase the already impressive integrity of our supply chain.

Camber's product strategy is simple- Capitalize on our core strengths to deliver maximum profitability to our customers. We accomplish this by leveraging a flexible corporate structure, providing a broad product line and maintaining an unwavering commitment to quality, value and service.

This philosophy has enabled Camber to grow significantly over the past several years and we will do everything possible to continue to exceed our customer's expectations.

Camber's diverse product line

Our plans include filing up 20 ANDA's a year and broadening our increasingly comprehensive product line.

Products and pipeline include:

- Solid Orals
- Semi-solids and Soft Gels
- Liquids: Solutions and Suspensions
- Specialty Products
- Injectables and Inhalers

Committed to Quality

Camber Pharmaceuticals is committed to bringing the highest quality products to market to help improve the quality of life for patients by providing cost-effective medications. Both our American and Indian based manufacturing facilities utilize a quality and compliance process that meets extensive governmental regulations by the US Food and Drug Administration. In addition, Camber's VAWD accreditation from the NABP (National Association of Boards of Pharmacy) gives our customers the added assurance that we are complying with all of the best practices in the industry.
