STERIS
The Impact

Human hands are the most important medical instruments and deserve the best care. As a leader in infection prevention, STERIS provides healthcare facilities with superior hand hygiene solutions. Caregiver’s hands have numerous contact points with patients and hard surfaces throughout a day. Each contact is an opportunity to spread pathogenic organisms, which has potential for an infection.

STERIS’s innovative hand hygiene products were created specifically to mitigate these risks, faced by patients and staff daily - without harsh reactions. STERIS scientists have formulated our hand hygiene solutions to not only help prevent the spread of infection, but to also keep hands moisturized and feeling healthy – thus increasing compliance with hand hygiene guidelines.

Quick facts:
- CDC website: 75,000 people will die of an Healthcare Associated Infection in the U.S.
- 1 in 20 hospital patients become infected with an HAI
- HAI’s are the 4th leading cause of death in the U.S.
- $33 billion in excess cost per year is spent fighting HAI’s

The Solutions

The CDC recommends hand hygiene as a core measure for the prevention of the spread of HAI’s.

STERIS provides a full line of effective hand hygiene products specifically formulated for healthcare facilities and patients. Our soaps, sanitizers and lotions all work together to help mitigate the risk of infection and maintain healthy skin.

Waterless Sanitizers

Alcare Plus® Antiseptic Handrub
- Foam mousse, 62% (v/v) ethyl alcohol-based waterless handrinse
- Tested in accordance with FDA proposed clinical methods for waterless Healthcare Personnel Handwash and waterless Surgical Scrub
- Kills 99.999% of MRSA, VRE and CRE in 5 seconds (modified time kill in vitro data)*4
- Formulated with enhanced emollients to moisturize skin in high frequency professional use healthcare environments
- CHG compatible – does not reduce CHG persistence

6399-90 17 oz/12 per case
6399-36 9 oz/24 per case
6399-57 5.4 oz/24 per case
6399-P2 2.2 oz/48 per case

Kindest Kare® Air-Infused Foam Antiseptic Handrub
- Air-infused foam 62% v/v ethyl alcohol
- Tested in accordance with FDA proposed clinical methods for waterless Healthcare Personnel Handwash
- Kills 99.999% of MRSA, VRE and CRE in 5 seconds (modified time kill in vitro data)*4
- Moisturizes skin as well as hand lotions
- CHG compatible – does not reduce CHG persistence

1381-PFM 1 liter/12 per case
1381-PFH 15 oz/18 per case

Cal Stat® Plus Antiseptic Handrub
- Liquid 63% (v/v) isopropyl alcohol-based waterless handrub
- Tested in accordance with FDA proposed clinical methods for waterless Healthcare Personnel Handwash and waterless Surgical Scrub
- Kills 99.999% of MRSA, VRE and CRE in 5 seconds (modified time kill in vitro data)*4
- Proven to moisturize as well as marketed hand lotions
- Hydrates skin for up to two hours
- CHG Compatible - does not reduce CHG persistence

1181-87 1 liter/12 per case
1181-RP 15 oz/18 per case
1181-03 4 oz/72 per case
1181-49 2 oz/96 per case

Soft ‘N Sure® Foamed Antiseptic Handrub
- Foam mousse, 62% (v/v) ethyl alcohol-based waterless handrinse.
- Kills 99.999% of MRSA, VRE and CRE in 5 seconds (modified time kill in vitro data)*4
- Formulated with emollients to moisturize skin in high frequency professional healthcare environments.
- CHG compatible – does not reduce CHG persistence.

1381-90 17 oz/12 per case
1381-36 9 oz/24 per case

Soft ‘N Sure® Antiseptic Hand Gel
- Gel 65% (v/v) ethyl alcohol
- Effective at eliminating >99.999% of many common germs in 15 seconds (modified time kill in vitro)*4
- Contains skin moisturizers including vitamin E

1445-87 1 liter/12 per case
1445-73 32 oz/6 per case
1445-A6 15 oz/6 per case
1445-92 2 oz/48 per case

*For Hospital and Professional Use Only
Antimicrobial Soaps

Antimicrobial or medicated soap (detergent) contains an antiseptic agent at a concentration sufficient to inactivate microorganisms and/or temporarily suppress their growth. The cleaning action of such soaps may also dislodge transient microorganisms or other contaminants from the skin to facilitate their subsequent removal by water.5

Kindest Kare® Antimicrobial Foaming Handwash

- Mild healthcare personnel handwash containing 0.75% triclosan, a proven antimicrobial agent with documented broad spectrum efficacy against both gram-positive and gram-negative bacteria, as well as fungi
- Broad spectrum antimicrobial performance in 15 seconds including Acinetobacter baumannii, MRSA, VRE and CRE (modified time kill in vitro data)*4
- Demonstrated statistically equivalent antimicrobial effectiveness with a marketed 4% CHG hand hygiene product
- Designed with a specially formulated surfactant system and for frequent handwashing by healthcare workers in all healthcare settings
- Tested in accordance with FDA proposed clinical methods for Healthcare Personnel Handwash
- Mild, dermatologist-tested, hypoallergenic, dye-free antiseptic hand hygiene product

1452-FM 1 liter/12 per case (Air-infused Dispenser)
1452-F6 1 liter/6 per case (FSD Dispenser)
1452-RF 15 oz/18 per case

CV® Medicated Lotion Soap

- Mild handwash containing 0.5% Triclosan, a proven antibacterial agent with documented efficacy against both gram-positive and gram-negative bacteria
- Effective against MRSA, VRE and CRE (modified time kill in vitro data)*4
- Ready-to-use product is a blend of natural soaps and synthetic detergents
- Contains emollients and skin conditioners which are gentle on hands and help reduce skin dryness
- Quick lathering for thorough cleansing and easy rinsing
- Opaque liquid soap with a lavender scent

6262-87 1 liter/12 per case
6262-R2 15 oz/18 per case
6262-K6 4 oz/72 per case

Kindest Kare® Foaming Handwash

- Foaming routine handwash designed with a specially formulated surfactant system and skin conditioners to cleanse hands without negatively impacting the skin’s natural moisturizing factors
- Mild, dermatologist-tested, hypoallergenic skin cleanser is dye-free, has a neutral pH, and is gentle on the hands
- Preserved to prevent product contamination

1152-F6 1 liter/6 per case (FSD Dispenser)
1152-FM 1 liter/12 per case (Air-infused Dispenser)
1152-RF 15 oz/18 per case

Kindest Kare® Skin Cleanser

- Routine handwash product combining the latest technology in skin conditioning to produce a quick rinsing hand cleanser
- Surface active agents disperse hard water, reducing soap residue and speeding the handwashing process
- Contains protein and skin conditioners to lubricate and moisturize the skin, making it feel velvety soft
- Preserved to prevent product contamination and white in color with an herbal scent

1105-87 1 liter/12 per case
1105-R2 15 oz/18 per case

Kindest Kare® Hand & Body Wash

- Gentle body wash and shampoo formulated with vitamin E, Aloe Vera and emollients
- Versatile and economical product suitable for total body cleansing, shampooing, no rinse bed bathing and routine handwashing
- Select combination of surfactants and conditioners leaves skin and hair soft without drying
- Preserved to prevent product contamination

1117-87 1 Liter/12 per case
1117-R2 15 oz/18 per case
1117-03 4 oz/72 per case

---
Surgical Scrubs

**BactoShield® CHG 4% Handwash/ Surgical Scrub**
- Antimicrobial skin cleanser with 4% Chlorhexidine Gluconate. Chlorhexidine Gluconate is one of the most accepted active antimicrobial agents.
- Designed for healthcare personnel handwashing and surgical scrubbing.
- Provides rapid and persistent antimicrobial action.
- Available in liquid form and amber in color, with a fresh scent.

1344-08 1 gal/4 per case
1344-24 1 qt/12 per case
1344-33 16 oz/12 per case
1344-39 4 oz/48 per case

**BactoShield® CHG 2% Handwash/ Surgical Scrub**
- Provides rapid, persistent bactericidal action against a broad spectrum of microorganisms including methicillin-resistant Staphylococcus aureus (MRSA) and vancomycin-resistant enterococci (VRE) (modified time kill in vitro data).4
- Designed for healthcare personnel handwashing, surgical hand scrubbing, patient preoperative skin preparation, skin wound and general skin cleaning.
- New technology allows 2% Chlorhexidine Gluconate to be as efficacious as 4% Chlorhexidine Gluconate.
- Thicker formulation for less run-off and better lathering characteristics, and is amber in color, with a fresh scent.

1322-08 1 gal/4 per case
1322-87 1 liter/12 per case
1322-24 1 qt(32 oz)/12 per case
1322-39 4 oz/48 per case

**Alcare® OR Foamed Antiseptic Handrub**
- Foam mousse, 62% (v/v) ethyl alcohol-based waterless handrinse.
- Tested in accordance with FDA proposed clinical methods for waterless Healthcare Personnel Handwash and waterless Surgical Scrub.
- Kills 99.999% of MRSA, VRE and CRE in 5 seconds (modified time kill in vitro data).4
- Formulated with enhanced emollients to provide moisturization to avoid damage associated with traditional surgical scrubbing.
- CHG compatible – does not reduce CHG persistence.

6396-80 17 oz/12 per case
T164-Q0 Hands Free Foot Pump (each)

Lotions

**Lotion Soft® Skin Conditioner**
- Nonionic moisturizing lotion that does not inhibit residual activity of chlorhexidine gluconate (CHG).
- Contains emollients and moisturizers, making it an ideal moisturizer for healthcare personnel following antimicrobial handwashing.
- Does not contain petrolatum or mineral oil so that health care personnel can use it under gloves.
- Rubs in quickly with a non-greasy after feel.
- CHG Compatible - does not reduce CHG persistence.

1029-87 1 liter/12 per case
1029-R6 15 oz/12 per case
1029-K6 4 oz/72 per case

*For Hospital and Professional Use Only*
**Liquid Dispensing Systems**

**SDS Manual Dispenser**
Dispenser for lotions, soaps, sanitizers and surgical scrubs. Simply push the bar to dispense product. Fits 1L size.

- 1308-Q7 (24/case)
- 4D40-Q5 (12/case)
- 4D41-Q7 Optional splashguard (24/case)

**SDS Touchless Dispenser**
Touchless dispenser for lotions, soaps, sanitizers and surgical scrubs. Fits 1L size.

- 1308-Q7 (24/case)
- 5D60-Q5 (12/case)
- 4D41-Q7 Optional splashguard (24/case)

**15 oz Wall Bracket**
For use with 15 oz pump products

- 1308-Q7 (24/case)
- 4D60-Q5 (12/case)
- 4D61-Q7 Optional splashguard (24/case)

**Foam Dispensing Systems**

**Omni-Foam Dispenser**
Dispenser for foamed waterless sanitizers. 9oz and 17oz sizes available.

- 9 oz 2D43-Q7 (24/case)
- 2D45-Q7 Optional splashguard (24/case)
- 17 oz 2D63-Q6 (12/case)
- 2D45-Q7 Optional splashguard (24/case)

**Foam Wall Bracket**
Wall bracket dispenser for foamed waterless sanitizers. 9oz and 17oz sizes available.

- 9 oz T603-Q7 (24/case)
- 17 oz T516-Q5 (12/case)
- T384-Q6 Optional splashguard (12/case)
### Foam Dispensing Systems continued

That's why awareness and educational material are part of STERIS's hand hygiene arsenal to protect against the spread of germs.

Proper hand hygiene is dependent on continuous reinforcement – both within hospital policy, as well as with visual reminders. Providing easy to use information increases proper hand hygiene protocols among healthcare professionals, patients, and visitors.

Awareness Materials:

From product solutions, to support, to education - STERIS is your one partner providing a full line of defense.
