### Features & Benefits:

*Designed and manufactured to provide strength, protection, and value*

- Upper section is made from a soft, breathable black nylon mesh with hook and loop closures for uniform compression.
- Reinforced sole is flared to provide better medial and lateral stability
- Semi-Rigid with padded collar
- Primarily used post surgically, post trauma, foot wounds including burns, and for diabetic and arthritic patients.
- Reinforced, padded heel and soft tricot lining for additional comfort and support

**RELY ON US FOR QUALITY, SELECTION, PERFORMANCE, AND VALUE!**
