IT'S ABOUT TIME...

**A GIANT
STEP FORWARD****SELF-ADHESIVE AESTHETIC
POSTERIOR RESTORATIVE****EQUIA™****BULK-FILLED SELF-ADHESIVE
RESTORATIVE SYSTEM**

With two simple steps, innovative EQUIA creates economical, aesthetic and effective solutions for Class I, II and V self-adhesive posterior restorations.

By combining GC Fuji IX™ GP EXTRA and G-COAT PLUS™, EQUIA offers a uniquely balanced system with unsurpassed physical characteristics.

Restorations based on glass ionomer technology have never been so compelling.

- It's self-adhesive and requires no etching or bonding agents
- Lustrous restorations in less than three and a half minutes
- Unique glass composition inherent in EQUIA provides durable translucency for superior shade matching in 8 VITA®† shades
- Supreme high gloss & increased wear resistance are key benefits of EQUIA's system solution
- Combining GC Fuji IX GP EXTRA and G-COAT PLUS increases hardness strength by 90%

Saliva Ejectors HENRY SCHEIN®

Smooth edges, will not aspirate tissue,
flexible bonded tips. Latex-free.

Disposable100 per Bag **3.19**
Specify:
White Opaque (100-5205)
Clear with Blue Tip (100-4092)
Pink (900-4272)

Comfort Plus™ Premium Saliva Ejector—Crosstex

Sleek-designed tip keeps tissue from
blocking suction, even when left in
position for extended time, and facilitates
uninterrupted fluid and light debris
removal. Rounded edges, smooth
surfaces, extrasoft tip and perfectly
positioned suction ports protect delicate
mucosa and optimize fluid removal.
Wire-reinforced tip is perfectly bendable,
yet firmly holds the shape created.
Suction placement and fluid removal are
manageable, predictable, atraumatic and
reliable, even under a rubber dam, out
of the field of vision.

Disposable—White
(110-7696)100 per Bag **4.39**

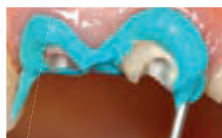

Introducing Hemostasyl[™]

Tissue Management: Hemostatic Agent

Hemostasyl[™] stops bleeding with precision. Easily applied directly to site and stays where you place it.

Blood is common in any procedure near or below the gumline.

Placement is easy and efficient with 2 g syringe. Use only what you need. No agitation required.

Unique consistency acts as a mechanical dressing. Stays in place, no dripping. Contrasting blue color is easy to see.

Site is clean and dry, ready for restorative procedure.

Convenient syringe delivery

Your practice is *our* inspiration.[™]

Immunochemical Fecal Occult Blood Test (FIT)

HEMOSURE® iFOB TEST

-Immunochemical Fecal Occult Blood Test (FIT)

EARLY DETECTION

& PREVENTION for CRC

Why choose FIT test over traditional Guaiac test?

"The ACG supports the joint guideline recommendation that older guaiac-based fecal occult blood tests be abandoned as a method for CRC screening... the ACG recommends the FIT as the preferred cancer detection test."

*Helping
Health
Happen™*

Promoting access to
care through
“Healthy Children,
Healthy Lifestyles”
and
“ADA Give Kids A Smile”
—two flagship programs
of Henry Schein Cares.

Henry Schein is committed to providing the best quality products and services to our School Nurse customers. And, through Henry Schein Cares, we are committed to increasing access to care among underserved populations and promoting better healthcare advocacy and education.

One example of this is our “Healthy Children, Healthy Lifestyles” program, an initiative to address common diseases afflicting children in the U.S.
