

Oral and maxillofacial surgery can be complicated.

Managing a successful OMS practice shouldn't be.

Henry Schein offers the convenience of a single point of contact—a **Surgical Solutions Specialist**—who can help you maximize the success of every aspect of your business:

Partnering with Henry Schein can help your OMS practice achieve:

EXCEPTIONAL PATIENT CARE

Products and supplies helping you maximize patient outcomes from surgery to recovery.

STAFF AND PATIENT SAFETY

Infection control products related to both the procedure and the risk of COVID-19.

PRACTICE EFFICIENCIES

A review of aspects of your practice, such as scheduling and hygiene productivity, to improve operations and competitiveness.

INNOVATION

Products leveraging the latest trends, advancements, and technologies.

REDUCED COSTS AND WASTE

Services and analysis to help increase revenue and reduce expenses throughout your practice.

REGULATORY COMPLIANCE

State-of-the-art, interactive online dental training to satisfy annual CE requirements for OSHA and HIPAA.
