G-CEM LinkForce

PRODUCT REVIEW SNAPSHOT CRITERIA BASED ON AVERAGE SCORE (OUT OF 5)

Ease of dispensing and placement **4.2**

Ease of handling/application **4.2**

Viscosity/consistency **4.1**

Ease of removing excess material **4.3**

Versatility to use with a variety of substrates & in all etching modes & in different curing modes **4.4**

Shade options & final esthetics **4.3**

Fit of the prosthetic onto the abutment **4.2**

SECTION A **AVERAGE** **4.2**

SECTION B **OVERALL SATISFACTION** **4.2**

takeaways

- G-CEM LinkForce System Kit includes all components for successful bonding for each indication and for every kind of substrate
- Available in 4 shades—A2, translucent, opaque, and bleach
- Dual-cure allows for efficient polymerization in self-cure and light-cure modes
- Excess cement is easy to remove after briefly tack curing
- Strong adhesion to all substrates and stable adhesion over time
