

3M Science.
Applied to Life.™

**3M™ RelyX™ Universal Resin Cement &
3M™ Scotchbond™ Universal Plus Adhesive**

The two that can do it all.

3M™ RelyX™ Universal Resin Cement works both as a standalone, self-adhesive cement — and as an adhesive cement together with 3M™ Scotchbond™ Universal Plus Adhesive. The adhesive serves as an universal primer for all materials and covers all direct and indirect bonding indications.

Eliminate the hassle and confusion of multiple resin cements, primers and adhesives and simplify your direct and indirect restorative workflows. Less products to keep on stock and replenish. Saves space, time and money.

3M™ RelyX™ Universal Resin Cement

- Easy excess clean-up
- High esthetics with 4 fluorescent shades: TR, A1, A3O, WO
- Superior self-adhesive dentin bond strength

3M™ Scotchbond™ Universal Plus Adhesive

- First radiopaque all-in-one universal adhesive
- Further boosts bond strength in self-etch, selective-/total-etch technique
- Universal primer for all restorative materials
