Community Health Center Solutions Guide

Helping You Deliver Quality Care to the Community

Henry Schein has been *Helping Health Happen* for over 80 years and believes in being an active part of the communities we serve. We provide the products, services and support needed to help Health Centers optimize and expand quality, cost-effective care to the communities.

Being the **only national distributor** that offers both full-service medical and dental solutions to Health Centers, Henry Schein has the experience, knowledge and commitment to provide guidance you can depend on. We share your vision for helping communities and assuring access to effective health care services. Our full spectrum of medical and oral health products includes everything from supplies and equipment to electronic health records (EMR software); Health Center design and planning; Laboratory set-up; unparalleled customer service; educational resources and 340B, Diagnostic, and Influenza Vaccine Programs.

This guide provides information on all of the products that can help support your team in treating the significant number of medical and dental patients that visit your community health center. Whatever the need, you can **Rely on Us**, to help you serve your patients and improve your organization's capabilities and performance.

WHY HENRY SCHEIN?

Partnership Benefits

- Coordinated and integrated solutions with a single accountable source for all products and services. We are the ONLY national distributor who can provide you with a full-service medical, dental, and technological solution.
- Highest quality medical and dental equipment
- Discounted purchasing plans for medical and oral health supplies. We have the right GPO/purchasing plan for your CHC
- Our partnerships with the National Association of Community Health Centers (NACHC), purchasing groups, and local state associations help enhance the offering that you provide your communities.
- Online ordering for budget monitoring, purchasing controls, CHC approval process, assigning purchase orders, tracking, and purchase analysis reports
- World-class distribution capabilities that supports over 120,000 community health centers and health care offices
- Superior Customer Service including: 99% of all orders are shipped the same day, 99% of all items are shipped without back ordering and we offer 24/7 customer ordering options including Web, Mail, Fax, Telephone, and EDI
- Henry Schein is an authorized distributor for the 340B program. Average savings are between 20%–50%, with popular items being as low as a penny. We also support the Prime Vendor Program, where you can receive fantastic savings on vaccines from key suppliers

A Commitment to Caring

- Ranked #1 for social responsibility for 6 of the last 7 years (FORTUNE's list of Americas Most Admired Companies)
- Healthy Lifestyles, Healthy Communities (Children and parents/caregivers medical screening program)
- National Health Center Week partnership with the National Association of Community Health Centers
- Give Kids A Smile (Dental access program)
- Flu Vaccine Donation Program
- Global Product Donation Program

Value-Added Services

- Unmatched EMR/Practice Management Solutions can help streamline your data, deliver increased efficiencies and support your unique requirements.
- Henry Schein Financial Services offers an entire portfolio of business solutions to help you manage your financial challenges
- Business reports to highlight current operational efficiencies and future savings opportunities
- Staff training and support on a number of topics including Team Harmony, Revenue Enhancement, and Customer Service
- Barcode Scanning and Inventory Optimization made easy
- Rx Samples Program
- Office Design Services

What is the 340B Program?

The 340B Drug Pricing Program resulted from enactment of public law 102-585, The Veteran's HealthCare Act, which is codified as Section 340B of the Public Health Services Act. The PHS Act requires pharmaceutical manufacturers to provide a statutorily-defined discount on outpatient drugs to qualified entities, thereby allowing community health centers, among others, to buy drugs for their patients at a reduced rate.

What is the purpose of the 340B Program?

The program permits eligible community health centers "to stretch scarce Federal resources as far as possible, reaching more eligible patients and providing more comprehensive services."

H.R. Rep. No. 102-384 (III), at 12 (1992)

Why should an eligible Community Health Center participate in the 340B Program?

- No cost to enroll or participate
- You can continue to use Henry Schein as your distributor
- Ease of enrollment and activation
- Covers medically underserved and indigent patients

How long before I can start my 340B purchasing from Henry Schein?

If you currently participate in the 340B Program, turnaround time will take approximately 1 week after:

- 1) You select Henry Schein as your AD (authorized distributor), and
- 2) Henry Schein 340B Support sets up a new 340B account.

If you are not currently participating in the 340B Program, participation traditionally begins the 1st day of a quarter.

Example Registration Period Start Date

October 1– October 15	January 1
January 1– January 15	April 1
April 1– April 15	July 1
July 1– July 15	October 1

You will be contacted by the Office of Pharmacy Affairs with status updates.

What is the 340B/PVP (Prime Vendor Program)?

The 340B law required the Department of Health and Human Services (DHHS) to create a "prime vendor" program for qualified entities such as CHCs* in the 340B drug discount program. The prime vendor handles price negotiation and drug distribution responsibilities for those CHCs that choose to join the prime vendor. A covered CHC does not have to join the prime vendor program in order to participate in the 340B program although covered CHCs are encouraged to join Apexus. Since the prime vendor has the potential to control a large volume of pharmaceuticals, it can negotiate favorable prices and utilize a national distribution system that would not be possible for covered CHCs to access individually.

- The Prime Vendor Program is a voluntary program. 340B-eligible CHC's participate in the Prime Vendor Program for free
- The Prime Vendor Program offers products that are not available under 340B/PHS (Public Health Services), such as vaccines

How can the 340B/Prime Vendor Program help me?

The Prime Vendor Program provides:

- Pharmaceutical pricing below standard 340B pricing
- Distribution solutions and networks that improve access to affordable medications
- Value-added products and services, such as discounted vaccines and software solutions that are not available on the 340B Program

Through these savings, the Program allows Community Health Centers to stretch scarce dollars and resources further, to serve more eligible patients.

Why should an eligible Community Health Center participate in the 340B/PVP?

- Average savings for outpatient drugs are approximately 15% below the 340B ceiling price
- Some outpatient drugs offered on the PVP are not available on the 340B Program (e.g., vaccines)
- Covers medically underserved and indigent patients
- No cost for the eligible Community Health Center to participate

How quickly can I start participating in the PVP?

Eligible customers who register before the 15th of the month (e.g., before December 15, 2013), are eligible to start participating in the Prime Vendor Program by the first of the following month (i.e., January 1, 2014).

Eligible customers who register after the 15th of the month (e.g., after December 15, 2013), are eligible to start participating in the Prime Vendor Program the first of the following second month (e.g., by February 1, 2014).

How do I set up a 340B/PVP account with Henry Schein?

Henry Schein DxRx Hotline

The Henry Schein DxRx Hotline is a resource to assist medical professionals with various types of questions on diagnostics, pharmaceuticals, and vaccines that are purchased from Henry Schein. The hotline provides information on the following topics for diagnostics, pharmaceuticals, and vaccines:

- Indications and usage as provided on a package insert
- Package inserts
- Brand to generic comparisons
- CPT Codes and J Codes*
- ACIP recommendations for vaccinations
- State Law Requirements for School and Day Care Entry**
- Latest updates on supply issues and much more

The Henry Schein DxRx Hotline can be reached Monday – Friday, 8:30AM to 5:00PM EST at **1-877-523-SHOT** (7468), via E-mail at DxRxSolutions@henryschein.com, or via live chat with a representative on our Web site, www.henryschein.com/dxrxsolutions.

BD Veritor™ System

- Proven performance vs. PCR
- Unique Adaptive Read Technology provides reproducibility you can count on
- Easy-to-read digital display eliminates subjective interpretation and delivers the "Trusted Answer"
- Convenient workflow with minimal hands-on time

#256055, BD Veritor™ System Reader (992-0003)ea

A rapid chromatographic immunoassay for use with symptomatic patients. This CLIA-waived kit is to be used with the BD Veritor System Reader to test nasal and nasopharyngeal swab samples that are freshly collected, processed and dispensed directly onto an assay test device.

#256045, CLIA-waived BD Veritor™ System Flu A+B Kit (992-0002)30 tests/pkg

CPT® Codes: Influenza A: 87804QW† / Influenza B: 87804-59†; Using the Objective and Differentiated Reader System: 87999†

The BD Veritor™ System RSV Kit is a chromatographic immunoassay with an instrumented read for the direct and qualitative detection of RSV fusion protein from nasopharyngeal wash, aspirate and swab in transport media samples from patients suspected of having a viral respiratory infection. This test is intended for in vitro diagnostic use to aid in the diagnosis of RSV infections in infants and pediatric patients under the age of 20 years. Moderately complex.

#256042, BD Veritor™ System RSV Kit (992-0005)30/box

small package

BIG REVOLUTION

*It will change
the way you view
rapid testing...*

- **Proven Performance vs PCR —**
PCR is currently the highest sensitivity standard available
- **Reproducibility You Can Count On —**
Unique Adaptive Read Technology helps reduce false-positive results

- **Results You Can Trust—**
Easy-to-read digital display eliminates subjective interpretation
- **Convenient Workflow—**
Testing requires minimal hands-on time

HENRY SCHEIN®
BRAND PRODUCTS

HENRY SCHEIN® NON-FENESTRATED DRAPES

Sterile

Polylined, Nonfenestrated,
Tissue/Poly/Tissue

- Heat sealed along 2 outer edges to ensure a pinhole-free plastic layer that guarantees maximum protection against bacterial strike-through from below
- Features polyethylene lining between 2 layers of absorbent-strength tissue, virtually eliminating risk of bacterial migration and strike-through
- Using blue-tissue side up prevents glare
- All sterile fields are available in convenient dispenser boxes of 50 each

Blue, 18" x 26"

(900-4686)50/box

HENRY SCHEIN® FENESTRATED DRAPES

Sterile, with 3" Round Fenestration,
Tissue/Poly/Tissue

- Allows access to the operative site while it protects surrounding area
- 3" round fenestration option is die cut and heat sealed, leaving a smooth, even edge that prevents linting
- Blue/white combination for antiglare
- Generously sized
- Individually packed, 300 per case (6 dispensers of 50 each)
- Latex-free

Blue, 18" x 26"

(900-4685)50/box

HENRY SCHEIN® DRAPE SHEET

36" x 48" White

(979-3658)100/case

HENRY SCHEIN® WOUND CLOSURE STRIPS

Latex-free

Adhesive wound closures with an exceptionally porous, spun-bond fiber backing include bilateral nylon filaments for high tensile strength. Hypoallergenic, medical-grade adhesive affords excellent adhesion, yet remains gentle to the skin. To be used in addition to or in place of sutures. Each size is in a color-coded package for quick and easy size identification. Latex-free.

- **Highly aggressive adhesive properties:** Resistant to moisture, with proven superior longevity, on the patient, to popular brands
- **Bilateral nylon filaments:** Provide resistance to stretching while maintaining closure and high tensile strength
- **Hypoallergenic:** Designed for patient comfort and longer-term exposure
- **Porous:** Allows breathing for advanced healing and moisture control

MIDMARK
Digital IQecg™

Makes your job easier with a range of reviewing and editing tools to help increase productivity and efficiency. At the touch of a button, you can capture an abnormal ECG as it appears on screen, enhance the diagnosis with tools like zoom and electronic calipers, quickly edit statements, and perform serial comparison.

Features include:

- Lightweight, portable design, weighing less than 11 oz
- View and monitor live, 12-lead ECG in selectable formats on screen
- Interpret and analyze data for neonate, pediatric, and adult patients via the Midmark 12-lead Resting Electrocardiogram Analysis Program
- Review and edit ECG results on screen with free text or customizable quick-edit statements
- Perform serial comparison with overlay of up to 4 ECG tests
- Save time and reduce data-entry errors by populating patient information directly from your EHR/EMR software
- Facilitate paperless office strategy: eliminate costs of thermal paper and the hassles of scanning and filing patient charts

IQspiro™ Digital Spirometry System

Combines a digital spirometer with innovative software solutions that make it fast and easy to capture, interpret, and retrieve patient information. This digital spirometer also features correct patient positioning that can optimize testing and an eject lever that saves time and alleviates handling of used mouthpieces.

- View real-time Flow/Volume Loop and Volume/Time graphs with fully customizable parameters
- Pre- and post-bronchodilator testing with automatic interpretation
- Eject lever alleviates handling of used mouthpiece
- Accurate and precise; meets or exceeds ATS 2005 Standards
- Lightweight, portable design weighs only 9 oz
- Correct, ergonomic patient testing orientation
- Easy-grasp, T-shaped-handle design for patient support and stability during testing
- Improved mouthpiece stability and protection with easy-latch door design
- Easy-to-print, full-page reports on standard paper

SureTemp® Plus 690 Electronic Thermometer

Combines the speed of ear thermometer with the accuracy and reliability of traditional oral thermometry. Takes fast, 4–6-second oral temperatures, 10-second pediatric axillary and rectal temperatures, and 15-second adult axillary temperatures.

- Accurate to within $\pm 0.2^{\circ}\text{F}$ (0.1°C)
- Interchangeable, removable probe wells to reduce the risk of cross contamination
- Large LCD that can display temperatures in Fahrenheit or Celsius
- Last-temperature recall
- Mode selection and recall buttons
- Four different temperature modes
- Convenient storage for 25 probe covers
- Takes about 6000 readings on 3 AA batteries (included)

BURDICK

Assurance 50® "Fade-Resistant" Papers

Single Channel, Red Grid

Unique line of thermal recording media. Look and feel is similar to standard thermal charts, but difference is in acid-free base paper and patented chemical thermal coatings. Combination of these 2 elements works to deliver 50 years of ECG image life without worry or fading. Thermal chart contaminants such as UV light, PVC, alcohol, adhesive tape, and electrode creams are no longer of concern. No special care or handling is required. Guarantee clear, indelible original records, year after year.

CareCenter MD™

This multimodality PC-based wireless diagnostic workstation with both PC ECG and PC stress test modalities is designed to make your workflow much easier. A scalable workstation with one platform for both ECG and stress test means no re-entry of patient data. Wireless data acquisition means test safety, comfort, and confidence for your patients and staff. The modern, flexible user interface uses the same simple, one-button navigation for all modalities and provides access to complete test data across the network; CareCenter MD Online allows for remote live consultations—only from Cardiac Science. In addition, a single, shared patient database means results are available throughout your network, with or without an electronic medical records system (EMR). Modify and save screen views on the fly. Select the report format that works best for you. Save, review, and combine permanent patient records in your EMR via HeartCentrix or HL7.

3M™ Tegaderm™ Transparent Film Dressings

Transparent film dressings designed for protecting skin and wound sites while allowing easy monitoring of wounds without the need to remove the dressing. Unique sacral shape is designed for challenging and difficult-to-dress areas. Dressings conform to the body and flex with skin for greater patient comfort. Waterproof dressing provides a bacterial and viral barrier to outside contaminants and allows the patient to shower. Breathable film allows moisture vapor and oxygen exchange while providing a moist wound environment for enhanced healing. Dressings with label area have a built-in documentation label that is easy to write on.

Telfa™ Ouchless Non-Adherent Pads

1's
Absorbent pads are ideal as primary dressings for lightly-draining wounds. Minimize wound trauma: they won't disrupt healing tissue by sticking to wound.

- Bonded on both sides with perforated, nonadhering film, so it can be cut to fit any shape without separating
- Polyester wound-contact-film polymer can be steam sterilized
- Core made from 100% cotton
- Easy to use, so they are a perfect take-home dressing

HENRY SCHEIN® DISPOSABLE VAGINAL SPECULA

Recommended for routine gynecological exams.

- Allows examination of vaginal mucosa at a 360° angle without rotation
- Provides wide range of adjustability (angular and elevation adjustments)
- One-handed manipulation for ease of operation
- Self-holding in various opening positions
- Decreases risk of contamination
- If needed, apply lubrication for better comfort during examination
- Made of hard, clear, nontoxic, high-strength plastic resin

HENRY SCHEIN® DISPOSABLE VAGINAL SPECULA LIGHT SOURCE COMPATIBLE

Disposable specula are made of high-strength, clear, nontoxic plastic. Allow examination of the vaginal mucosa at 360° angle without rotation. Provide wide range of adjustability (angular and elevation adjustments), ease of operation and manipulation with one hand. Self-holding in various opening positions. Single use of speculum decreases the risk of cross contamination. Compatible with corded light source of leading brands, eliminating the need for positioning a light source independently.

NEW!

CryoOmega®

Disposable Cryosurgical Device

Clinically effective direct spray of liquid nitrous oxide (-89°C/ -127°F) in a convenient and economical device.

- Colder and more effective than canister-based disposable systems
- Precise, concentrated spray
- Usually resolves most lesions in a single-office visit
- Average treatment time is 10 seconds
- Precise, concentrated spray, no accessories required
- FDA approved for a broad range of non-malignant lesions
- Unit does not contact patient
- Shelf-life of 2 years un-activated, at least 6 months activated
- Non-flammable, disposable
- High revenue stream, pays for itself in about 3 treatment

(378-0286) **CryoOmega**

Disposable cryosurgical unit containing 16g nitrous oxide (N₂O) cartridge

CryoOmega is a registered trademark of CryoConcepts, LP. U.S. and International Patents Pending.

...Applying Advanced Technology to the Oldest Treatment in Orthopedics.

The Exos Rapid Splint System advances the art of immobilization with an easier, cleaner, and more efficient way to splint. Its reinforced composite polymer creates a **lightweight, stable structure** that quickly becomes **moldable using dry heat with no water and no mess**. Rapid Splint goes on **smooth and dry, without sharp fiberglass edges**, enhancing patient safety and comfort. It reaches stability quickly, is reformable and offers **superior radiolucency**. The Exos Rapid Splint System - Applying advanced technology to the oldest treatment in Orthopedics... It's about time!

AIRCAST® Stirrup® Braces

This brace has made functional management practical. Standard 02-A is preferred for acute injury. Training brace 02-B is best suited for chronic instability and acute injury. Quality construction resists inversion more than taping, yet normal flexion is virtually unrestricted. Also, anatomically contoured shells conform closely to the ankle with minimal bulk to the shoe.

Standard Ankle Brace,
10½"H, Left(120-4830)
Standard Ankle Brace,
10½"H, Right(120-2506)
Ankle Training Brace, 9"H, Left.....(120-0096)
Ankle Training Brace, 9"H, Right (120-9607)

PROCARE® Universal Ankle Brace

Ideal for acute and chronic ankle instabilities, as well as for prophylactic use. Rigid thermoplastic, one-piece outer shell helps prevent inversion/eversion. Cushioned liner incorporates neoprene forefoot closure. Universal design fits right or left ankle.

(120-5167)ea

PROCARE® Wrist Brace

Soft, durable cotton/elastic construction provides compressive support. Contoured elastic body and preformed aluminum stay for anatomically correct fit and proper support following mild sprain, strain or cast removal. Contact closure straps for ease of application. Designed to prevent brace from extending beyond palmar crease, allowing full finger range of motion. Ideal for carpal tunnel syndrome and immobilization of the wrist. Length: 7"

Wrist Braceea

Specify:

Left:

Capiject®

Improved Capiject with color fill lines, lot number, and expiration date printed on individual tubes.

- Extra-wide, built-in collection lip for enhanced specimen flow
- Single-piece, tapered design for easy collection and handling
- Color-coded fill lines and caps for volume accuracy and easy identification
- Lot number and expiration date printed on each tube for easy identification
- Silicone-coated anticoagulant tubes designed to reduce clotting
- Olefin-based gel for clean separations
- Tube nests in cap, allowing tube to stand alone
- Certified for lead testing
- Latex-free

Capiject.....250/box

Specify:

HENRY SCHEIN® TOPICAL SKIN ADHESIVE

Sterile, 0.5-mL Single-Patient-Use Plastic Ampules
FDA-approved liquid adhesive consists of n-butyl-2
cyanoacrylate. Available in both regular Histoacryl
(translucent) and Histoacryl Blue, which contains a blue dye
in order to make it easier to see the adhesive being applied.
Both polymerize in seconds upon being exposed to water or
water-containing substances such as human tissue.

- Forms a strong bond that seals wounds quickly
- Inhibits growth of bacteria
- Provides a precise, controlled application
- Won't clog or dry out when opened

INTRODUCING

An Easier Way to Order Medication Samples

The Henry Schein Rx Samples Service is a free and secure online service that enables 500,000 eligible prescribers* to order medication samples — easily and conveniently. This service is sponsored by leading pharmaceutical manufacturers, and is designed to meet your practice and patient sampling needs.

The Henry Schein Rx Samples Service:

- **Consistently receive your FULL allocation** of select medication samples
- Is sponsored by major pharmaceutical manufacturers, so there is no expense to the practice
- Offers 100% compliance with pertinent regulations
- Ships samples directly to your practice via UPS for arrival within 4–6 business days
- Offers **Recurring Request** that makes re-ordering easy and keeps you in control of your inventory

Getting started is easy — samples are available now!

Go to www.hsrxs.com and click the "Check Eligibility & Register" button. Activate your account by completing basic user and shipping information. Once registration is complete, you can place your first order immediately.

Need assistance getting started or with placing your order?

E-mail us at: henryscheinRxSamples@emedsample.com

or call us toll-free at: (866) 772-1580.

*Only eligible prescribers are able to enroll and order samples through the Henry Schein Rx Samples Program.

To Order: **1.800.P.SCHEIN (1.800.772.4346)** 8am–9pm, et • To Fax: **1.800.329.9109** 24 Hrs
www.henryschein.com/medical

Connectivity

The Afinion™ Data Connectivity Converter (ADCC) allows for simple transfer of patient and control results from the Afinion™ AS100 Analyzer to LIS/HIS system of choice.

- Results are transferred via Ethernet connection
- Available standard formats of HL7 or ASTM

Other Available Tests

- Afinion™ ACR

Alere™ Cholestech LDX® System

Complete Lipid Profile, Glucose Lab-accurate lipid profile, glucose, ALT, AST, and hs-CRP results in about 5 minutes* from a simple fingerstick. Allows provider to get results while patient is still in office—provider can counsel and intervene face-to-face. This improves patient compliance and increases control and management of heart disease and diabetes. Reimbursable by Medicare and most private payers.

- CLIA waived**
- Procedure saves time and enhances productivity
- Small, tough, and portable
- Eliminates anxiety of venipuncture; requires only a fingerstick
- On-the-spot adjustment of therapy and improved patient compliance
- Accuracy comparable to laboratory tests
- Saves time: fewer follow-up visits required
- Enhances compliance through teachable moments between healthcare providers and patients

Alere™ Triage® Cardiac Panel

Measures 3 key cardiac markers: myoglobin, CK-MB, and troponin I.

- Easy to use, with results in approximately 15 minutes
- Results read by Triage® MeterPro™ meter
- Whole blood or plasma
- **Made in the USA**

#97000HS

(131-1964)25/box

SIEMENS**Clinitek® Microalbumin Test Strips**

Test for semiquantitative determination of microalbumin/creatinine in urine. Semiquantitative tests for protein (2–4 mg/dl) and creatinine. Includes an A:C ratio result.

- CLIA waived on CT status analyzer
- Dip-and-read test for albumin and creatinine in urine
- Determines an A:C ratio for greatest accuracy
- Use a random urine sample—reduces need for a 24-hour collection
- Timeframe: 60 seconds
- **Made in the USA**

#2083
(147-4712)25/btl
CPT® Codes: 82044†/82570†

**SIEMENS****DCA™ Vantage Analyzer**

Point-of-care immunoassay analyzer for diabetes management. Provides precise and accurate quantitative test results for HbA1c in whole blood during a patient's visit to help improve decision making. With a single urine sample, the analyzer also provides quantitative test results for low levels of albumin, creatinine, and A:C ratio in the physician's office or clinic.

#5075US, Analyzer

Answers for life.

Precision Uroflowmetry System by

HENRY SCHEIN[®]
MEDICAL

What is the Flo-Med 1100 by Henry Schein?

It is a simple, non-invasive diagnostic screening device used to calculate the flow rate of urine over time. This aids in diagnosis of bladder and sphincter function as well as prostate conditions.

- Easy to use (hygienic & convenient)
- Height adjustable
- Battery operated
- Wireless communication to laptop iPad, or other PDA (hardware capable)
- CPT 51741[†]
- Compact/portable
- One-touch technology
- Easy calibration
- PDF can easily be stored into an EHR

System Requirements:

Windows 7, XP, Vista
Hardwire compatible
with PCL5 Printer

(112-5811)

Flo-Med Precision Uroflowmetry System,
1 Unit

(112-5812)

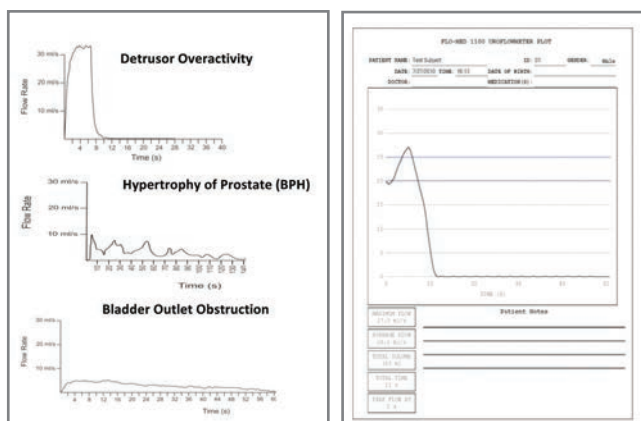

Flo-Med Cup & Funnel Disposables,
24/Sets

Other accessories such as Laptops
and printers are available separately.

HENRY SCHEIN®
URISPEC® PLUS URINALYSIS READER
& **URISPEC® 11-WAY URINE STRIP PROMOTION**

Provides dependable urine status results to detect early stages of many diseases, such as diabetes, kidney disease, and urinary tract infections. Instrument-read results have long proven to be advantageous for both busy health care professionals and patients. Urispec® Plus readings eliminate the subjectivity of visual color interpretation. The comprehensive interface options and the optimized printouts minimize risk associated with manual transcriptions. Reliable results can be obtained virtually immediately at the point of care. Urispec® Plus is for use with the Henry Schein Urispec® 11-Way, 5-Way Plus, 4-Way, and GP+A urine test strips for up to 11 parameters for the semiquantitative detection of occult blood, urobilinogen, bilirubin, protein, nitrate, ascorbic acid, ketones, glucose, pH, specific gravity, and leukocytes. Use of these test strips on the Urispec Plus analyzer is CLIA waived.

- CLIA waived
- Readings eliminate subjectivity of visual color interpretation, which makes urinalysis simpler and more reliable
- Features no-touch operation: After strip placement, measurement starts automatically, which makes urinalysis faster and more hygienic
- Easy switch between different test strips: Urispec Plus is for use with Henry Schein Brand Urispec 11-Way, 5-Way Plus, 4-Way, and GP+A urine test strips

(900-7507)ea

Contains: 1 Urispec Plus Urinalysis Reader &
12 bottles of Urispec 11-Way Urine Strips.

InSure® FIT™ Fecal Immunochemical Tests (FIT)

Test provides high sensitivity and ease of use with a simple, water-based collection method designed to be more patient-friendly. The patented brush sampling replaces unpleasant fecal collection or smearing. No dietary or medicinal restrictions, enhanced specificity and sensitivity for more productive colonoscopies. The InSure® FIT™ is based on the immunochemical detection of human hemoglobin (Hb) as an indicator of blood in the stool. The assay uses a monoclonal antibody to capture Hb on a test strip during test development. Since globin does not survive passage through the upper gastrointestinal (GI) tract, the presence of globin in the stool indicates bleeding in the colon or rectum. Clinical studies have demonstrated high sensitivity and specificity of the InSure® FIT™ test in colorectal cancer screening.

- 87% sensitivity for colorectal cancer*
- 98% specificity*
- 66% increase in patient compliance vs. a guaiac-based fecal occult blood test (gFOBT) was found in one study*
- No handling/smearing of dry, solid fecal materials*
- **Made in the USA**

#90030, Combo Kit 25/25
(450-0009).....ea

Making FIT Happen

The Inconvenience and Mess of
Fecal Occult Blood Tests Are Over

InSure® FIT™ Fecal Immunochemical Test for Early Detection

InSure® FIT™ is the sensible take-home multiple sample method made simple, quick, and easy for you and your patients. It features the only patented, water-based collection method with two samples on one test card meeting American Cancer Society Guidelines* for Colorectal Cancer Screening.

Unlike other FOBTs that require fecal handling and test-card smears, InSure® FIT™ is the one test with no mess. With a gentle brushing of the stool in water, InSure® FIT™ provides 87% sensitivity and 98% specificity for colorectal cancer. What's more, this unique, convenient method promotes high patient compliance.

Help Your Patients Get FIT and Stay Healthy

For a limited time, InSure® FIT™ Sample and Educational Packages are available for you to trial FREE. To learn more about how you can make FIT happen, contact your InSure® FIT™ Representative, visit www.insuretest.com, or call 1.800.531.3681.

*The American Cancer Society recommends for people over 50 a multiple sample method for take home FOBT or FIT screening test; FOBT or FIT testing done during a digital rectal exam in the doctor's office is not recommended.

(117-7947)25/box

**Alere** Toxicology**iCassette®**

Available in singles all the way to 11 drugs on one device, the iCassette® drug screen is amazingly accurate and one of the best values in drug testing to date. It requires a minute 3 mL of specimen to run, and results are available in minutes.

#DOA-1105-051, 10 Panel: COC, THC, OPI, AMP, mAMP, PCP, BAR, BZO, MTD, and OXY

(106-9128)25/box

#DBU-102 Buprenorphine (BUP) Single Test Cassette

(111-3931)40/box

**Alere** Toxicology**iCup™ Drug Test**

Efficiently detects the presence of drugs. Integrated testing solution.

- Zero exposure for urine
- On-board adulteration screening available
- 24-month shelf life
- Available in 3–13 drug configurations
- iCup with temperature strip
- 2-part result form available
- Security seal
- Photocopy template
- Simple procedure with fast results
- Room-temperature storage

#I-DOA-1107-051, 10 Panel (Moderate): COC, THC, OPI, AMP, mAMP, BZO, BAR, OXY, MDMA, and PPX

(104-9299)25/box

#I-DOA-1137-011, 13 Panel (Moderate): COC, THC, OPI, AMP, mAMP, PCP, BZO, BAR, MTD, TCA, OXY, PPX, and BUP

(110-3488)25/box

**Alere** Toxicology**iCup™ DX Drug Screen Cups**

- CLIA waived
- Optional sample validity tests
- Simple process
- All inclusive
- No urine exposure
- Tester activates test when ready
- 5-minute results
- Made in the USA

I-DXA-1127-0-023, 12 Panels

Tests for up to 12 drugs: COC, THC, OPI, AMP, mAMP, PCP, BZO, BAR, OXY, MTD, TCA, and MDMA.

(113-2722)25/box

I-DXA-1107-1-142, 10 Panels

Tests for up to 10 drugs: COC, THC, OPI, AMP, mAMP, BZO, BAR, OXY, MTD, and MDMA.

HEMOSURE® iFOB Test (T1-CK30)*

Place your order today by contacting your Henry Schein representative or call 888-HEMOSURE (436-6787) or visit our website at www.hemosure.com

Henry Schein Product No.	Hemosure® Product No.	Description
108-5284	T1-CK30T	IFOB 30 TESTS AND 30 SPECIMEN COLLECTION TUBES
792-8076	T1-CK30*	IFOB 30 TESTS AND 50 COLLECTION TUBES/HOME KITS
109-3145	T1-CK50	IFOB 50 TESTS AND 50 SPECIMEN COLLECTION TUBES

HEMOSURE® iFOB TEST

-Immunochemical Fecal Occult Blood Test (FIT)

Hemosure® iFOB Tests

- Best-value package (792-8076): 40% more collection tubes and home kits
- 5X higher reimbursement (ROI)
- No dietary or drug restrictions
- Specific to human hemoglobin
- Higher patient compliance, due to ease of use
- Easy-to-read results, similar to pregnancy test
- User-friendly and more sanitary
- Complete with home kit
- CLIA waived

ZOLL AED Plus®

Bringing Lifesaving Defibrillation to Everyone

The only AED with CPR feedback and an ECG waveform. By supporting CPR as well as defibrillation, this device can help every unresponsive victim. Features Real CPR Help®, a tool that is able to actually see what user is doing and provides audio and visual prompts to help them do it with confidence and clarity.

- Provides a one-piece electrode for accurate placement
- Uses consumer lithium batteries that are easy to replace, long-lasting, and inexpensive

Complete Unit
(866-7559)ea
Contains: AED, electrodes, batteries, carry case, ECG, wall-mount bracket & operator's guide.

Together, We're Helping Health Happen

Special Thanks to our 2013 Partners for supporting our
Healthy Lifestyles, Healthy Communities Program

- ADC • Acteon • Ansell • ASO • Becton-Dickenson • Christie Medical • Colgate • Crest + Oral-B
- Derma Science • First Aid • Healthlink/Clorox • Kidney Trust Foundation • Kimberly-Clark
- LW Scientific • Macan Manufacturing • Magellan • Medi-dyne • Microflex • Midmark • Nipro
- Omron • SECA • Septodont • Shofu Dental Corporation • Tidi • Welch Allyn

Together, we can do more!

Annual Healthy Lifestyles, Healthy Communities program:

We are helping health happen by expanding access to care for at-risk and underserved populations. In 2013, our Healthy Lifestyles, Healthy Communities program provided free health screenings to 8,500 children and adult caregivers in cities across the U.S.

To learn more about our programs, visit: www.hscaresfoundation.org

Bulk Package
0.5 mL.....200 per Box

Specify:
Bubblegum(112-5999)
Cherry(112-5998)
Raspberry.....(112-6001)

Colgate® PreviDent® Varnish 5% Sodium Fluoride

Delivers 5% sodium fluoride (22,600 ppm) to the tooth, which is clinically proven for hypersensitivity relief. Convenient, unit-dose treatment sets rapidly on contact with saliva and dries transparently on teeth.

Unit Dose—0.4 mL.....50/box

Specify:
Mint(543-0120)
Raspberry.....(543-0121)

Unit Dose—0.4 mL.....50/box

Specify:
Mint(543-0006)
Raspberry.....(543-0159)

Enamel Pro® Varnish with ACP

The only varnish formulated to deliver amorphous calcium phosphate (ACP). Desensitizes dentin—it has been shown to diminish hydraulic conductance by 73%.¹ The fluoride and ACP provide a semipermanent occlusion with fluorapatite.² The ACP technology delivers 4X more fluoride uptake into the enamel than the leading brand of transparent varnish.³ Easy-to-use, single-unit doses with an applicator brush.

¹⁻³ Data on file.

0.4 mL
(737-6657)200 per Box

Duraflor® 5% Sodium Fluoride Varnish

Highest concentration of fluoride available. Fast and easy application: sets on contact with saliva. Ideal for hypersensitivity treatments. Increased patient acceptance with Bubblegum or Raspberry flavors (sweetened with xylitol). May also be used as a cavity liner. Available in the U.S.A. only. Store between 15°C and 30°C. 2-year shelf life. Releases more than 3 times the fluoride than the leading competitive brand, over a 4-hour period. Prevents, fights and protects against caries. Prophyl paste ring included in each box. "Peel and Apply" premeasured, one-step package for easy, consistent application that eliminates messes and the risk of cross contamination. Highest allowable fluoride concentration for fast action. Quickly dries to natural white tooth color.

3M ESPE

Vanish™ 5% Sodium Fluoride White Varnish with Tri-Calcium Phosphate

White varnish, enhanced with tricalcium phosphate, becomes virtually invisible after application. Saliva-activated formula adheres to dry or moist teeth and will spread after application due to the patented formula, which allows migration to tooth surfaces. Indicated to treat hypersensitive teeth, exposed dentin, and root-surface sensitivity.

Clinic Pack—0.5 mL .100 per Box

Specify:
Cherry(737-0019)
Melon(737-0021)
Mint(737-0020)
